

## Aluminium Strip Catalog

Aluminium sheet & foil in the form of rolls with a thickness > 0.2mm, a width 20mm to 100mm is generally called aluminium strip. The common name for aluminium strip that is produced in small strip widths is usually split strip. Aluminium sheets are cut into a required by slitting tooling, the raw material of aluminium strip is pure aluminium or aluminium alloy hot rolled cast-rolling

aluminium coil and hot-rolled coil. Through a cold-rolled machine to form different thickness and width of the rolling sheet and aluminium coil, and then the vertical cutting and slitting machine for different width of the strip. And the thickness < 0.2mm, we call it aluminium foil strip or aluminium foil coil.

### ➤ Specifications

<b>Alloy</b>	1050, 1060, 1070, 1100, 1035, 1200, 2024, 3003, 3004, 3104, 5005, 5052, 5056, 5754, 6061, 7075, 8011, etc.
<b>Temper</b>	O, H14, H18, H24, T
<b>shapes</b>	Coil
<b>Diameter</b>	15mm--1200mm (can be customized)
<b>Width</b>	10mm-100mm
<b>Thickness</b>	0.014mm-3mm
<b>Tensile strength</b>	≥120 mpa
<b>Yield strength</b>	< 95 N/mm <sup>2</sup>
<b>Elongation</b>	> 20%
<b>Tolerances</b>	As per your requirements
<b>Surface</b>	Mill Finish, Plain, Color Coated
<b>Standard</b>	GB/T, ASTM, EN
<b>Further Fabrication</b>	Deep Drawing, Anodizing
<b>MOQ</b>	3 tons
<b>Price terms</b>	FOB, CRF, CIF
<b>Payment terms</b>	30% deposit in advance, 70% balance payment by TT or LC
<b>Loading Port</b>	Any port of China, Shanghai & Ningbo & Qingdao
<b>Delivery Methods</b>	1. By sea: Any port in China

	2. By train: Chongqing(Yiwu) International Railway to Middle Asia-Europe
<b>Packing</b>	Wooden pallet suitable for long-distance sea transportation

➤ **Features**

- Excellent roll forming and welding properties
- High strength combined with high elongation
- Extremely consistent material characteristic
- Excellent corrosion properties
- Special thermo-mechanical performance
- Good adhesion between aluminium
- Higher creep resistance at elevated temperature
- Prominent formability
- Excellent flexibility and better bending properties

➤ **Applications**

- Refrigerator
- Commercial freezer
- Cable wrap
- Capacitor
- Anti-theft strips
- Aluminium/plastic composite pipes
- Shoes eyelet

Note: Customization is available, please contact us for details.
